Get ready for the Red Hat OPEN 'PowerUp' Contest

Your wait is over!

The Red Hat OPEN program is delighted to announce that we are running an incentive - based contest between Jan xx/2020 to April xx/2020. This contest is your chance to not only amplify your capabilities on Red Hat's open source technologies and get accreditations, but also to get rewarded for it!

As part of your partnership with Red Hat you have access to the free of charge Red Hat training via Online Partner Enablement Network (OPEN).

How does it work?

- Log into Red Hat Partner portal
- Successfully complete trainings under the **'Delivery role' specialization** & start earning Red Hat accreditations
- To win you should secure maximum no. of accreditations during the contest period
- Winners will fall under two categories:
  1. **The OPEN Maestros:** top 10 to secure the maximum no. of accreditations
  2. **The OPEN Ninjas:** top 90 to secure the maximum no. of accreditations
- We will award **top 100 members** to have earned maximum no. of accreditations at the end 0f contest
- Winners will be contacted via email

Note: To break a tie between two participants, we will look at the time taken to complete the trainings.

How to get started ?

1. Go to Red Hat Partner Connect. Login to your account. If you are new, click 'register for a redhat.com account' with your official email id.

2. Once you are logged in, click on Learn--> Skills (OPEN)--> get trained --> catalog--> browse.

3. On the left nav, select delivery method as 'learning path' and 'apply filters'.

4. Select role as 'delivery' & start enrolling for the courses.

5. Remember to complete the assessment at the end of the module to earn accreditations.

6. Please note, if you are registering for the first time for 'delivery' track, a lab instance would be created for you.

7. You will receive lab credentials via mail from **noreply@opentlc.com**

Got questions? We've got the answers.

For questions related to the contest or the registration process, please contact **Hari Prakash** at **Queries-open-program@redhat.com**
